By RALPH HEINZEN
(United Press Staff Correspondent)
Evere Airdrome, Brussels, May 28.—Captain Charles A. Lindbergh and his Ryan monoplane arrived today from Paris on a 24-hour invasion of this capital during which the flier was to be feted and decorated with the order of Leopold by King Albert of the Belgians.

Children numbering 1,000 waved American flags as Lindbergh's plane taxied to a halt at this field at 3:12 P. M., which is 10:12 A. M., eastern daylight time.

Lindbergh, probably remembering the mauling he received from enthusiastic thousands at Le Bourget a week ago tonight, remained in the cockpit of his plane until an automobile came alongside. He shook hands with the welcoming diplomats through a window.

"It was a splendid flight," he said. "I enjoyed every minute of it. The motor is in fine shape and I could circle Europe without touching it."

Lindbergh misunderstood the landing signals displayed for him here and came down in a far corner of the field, obliging the generals and diplomats, some of them beyond the springing age, to engage in a cross country gallop to welcome him.

He circled the field three times while the crowd cheered itself breathless.

Lindbergh flew almost continually in the rain, but stepped from the cockpit of his plane as dry and comfortable as though he had been riding in a limousine.

The escort planes, 10 of them which left here to greet him, found Lindbergh exactly on his course near Mons. The escort surrounded the Ryan plane but had difficulty in keeping up for "we" were averaging about 100 miles an hour.

Members of the government and other prominent guests surrounded the plane a moment after it stopped to march, with it towards the platform where it was raised to the view of cheering thousands. Premier Jaspard led the procession.

Belgian troops with fixed bayonets protected the plane from damage such as was received from the welcoming crowd at Paris as the craft was pushed to the platform.

Lindbergh had only time for a few handshakes and was compelled to refuse hundreds of requests for autographs before being driven to the United States embassy, whence he will go at 12:50 P. M., eastern daylight time, to place a wreath on the tomb of the Unknown Soldier. From the tomb, Lindbergh will go to the palace to be decorated with the order of Leopold by King Albert.

Brussels, May 28.—King Albert of the Belgians today grasped Captain Charles A. Lindbergh by the hand and decorated him with the Order of Leopold in recognition of his New York to Paris flight. Lindbergh became a chevalier of the highest Belgian order.

Lindbergh met King Albert this afternoon, as the tall, slightly stooped monarch grasped Lindbergh's hand, the airman said:

"I have heard much of the famous soldier-king of the Belgians."

Lindbergh came to the royal palace at the invitation of King Albert who desired to make him a Chevalier of the Order of Leopold, which is the highest Belgian order. The welcome accorded the flier as he passed through the streets lacked none of the enthusiasm with which he was acclaimed in Paris.

Le Bourget Field, France, May 28.—Captain Charles A. Lindbergh soared away from this airdrome today to circle over Paris and depart for Brussels where King Albert of the Belgians awaits to decorate him with the Order of Leopold.

Lindbergh, clad in the most fashionable flying togs obtainable in this town of fashion, departed at 12:50 P. M., which is 7:50 A. M., eastern daylight time.

Lindbergh and his Ryan monoplane, the "we" combination which has become famous throughout the world since it settled on this field a week ago today after a non-stop flight from New York, were due at Brussels at 9:40 A. M., eastern daylight time today.

Lindbergh bade goodbye to the field which witnessed the be-

TRAPPED 162 MEN IN THE DELAGUA MINE IN COLORADO

LOCATED 10 MILES FROM TOWN OF AGUILAR, COLO.

Aguilar, Colo., May 28.—(UP)—Six men were killed and another injured in an explosion which trapped 162 men in the Delagua coal mine of the Victor American Fuel Co., 10 miles from here.

A 60-year-old miner, Dan Woods, today was credited with having saved the lives of the rest of the crew when the explosion blocked the entrance of the shaft with a solid wall of debris at noon yesterday.

For two hours the men were imprisoned within the mine. They were beginning to get hysterical. Then Woods, veteran of many a mine disaster, took charge. Through the dense smoke, Woods led the survivors to safety through a little known north slope exit. The men marched in lock step behind him.

A crowd of mourning relatives was standing near the entrance of the shaft. Presently the line of grimy faced miners appeared on a nearby hill with Woods in the lead.

There was an involuntary cry of surprise as the men filed down into the tiny town of Delagua. Then came a great cheer for Woods.

His cool headedness, officials said today, was the only thing that saved his co-workers from almost certain death.

gining of his fame with a characteristic bit of daring.

A 50-yard run was sufficient for the Ryan monoplane to leave the ground, and Lindbergh, when not more than two yards off the surface of the field, executed a sharp right bank in which his right wing careened toward the ground. From this maneuver, Lindbergh went into a magnificent right hand turn as he climbed into the air. He soon was over Paris, as crowds in the boulevard stared and cheered.

After a generous circle over Paris, Lindbergh turned back to Le Bourget at 8:07 A. M., eastern daylight time.

Returning over Le Bourget at 1:07 Lindbergh flew at a height of only 300 feet, dipped his wings in salute to his French friends and straightened out his course toward Brussels about two hours away.

The thousands gathered here to see the flier away sent after him a roaring, booming cheer that mingled with the explosive racket of Lindbergh's motor. As Lindbergh drew away from Le Bourget, he rose rapidly toward the safety of the upper air.

Lindbergh tuned his motor for ten minutes before taking away to Brussels after passing over Le Bourget en route from his farewell flight from Paris to Brussels. Mounted republican guards kept the crowd in order and military planes stunted overhead while the Wright Whirlwind Motor was getting warm.

He tinkered with the plane while the crowd gathered to see him off. By 10 o'clock more than 1,000 persons were at the field.

Paris-Brussels passenger planes had advertised cut rate of about \$25 for the round trip to Brussels and back, and they expected to do the biggest business since the line was established.

Before entering his plane, Lindbergh said he would drop two messages, one over Senlis near Paris and the other over the Place De La Concorde, where thousands cheered him Thursday. The messages said:

"Good bye Paris, you have been awfully good to me, good bye."

Washington, May 28.—(UP)—America today honored its daring airman son, Charles Lindbergh, with citation for the Distinguished Flying Cross.

This rare honor, only eight Americans have had it, was announced by the White House this afternoon in recognition of Lindbergh's achievement in spanning the Atlantic by air from New York to Paris.

After the president had approved award of this great honor, the White House announced the citation as follows:

"Charles A. Lindbergh, captain, national guard, and air corps reserve, United States army, for extraordinary achievement, while participating in an aerial flight and in recognition of his courage, his skill and his resourcefulness in making, across the Atlantic ocean to Paris, France, a distance of 3,600 miles, the longest nonstop flight ever made by man, in the remarkable time of 33 hours, 29 minutes, 30 seconds."

Ando conducts an aviation school near Nagoya. He has ample financial backing for his prospective flight, the dispatch added.

STRANGE STORY
OF KENTUCKY
MOUNTAINEER

EVOLVED A RELIGIOUS BELIEF
WHICH GAINED 1,500 IN
COLONY

UNFOLDED IN THE DRAB COURT
ROOM AT ST. JOSEPH,
MICH.

By EDWIN L. HECKLER
(United Press Staff Correspondent)

St. Joseph, Mich., May 28.—The strange story of a Kentucky mountaineer who evolved a religious belief which brought between 1,000 and 1,500 people to a little colony at Benton Harbor will be continued in a drab court room today.

It is the story of King Ben Purnell's founding and guidance of the House of David. The state of Michigan is attempting to dissolve the religious cult.

The power of the beliefs taught by King Ben is shown through the comment of Harry T. Dewhirst, former California judge and now chief attorney for the colony. After listening to damaging testimony against the colony, Dewhirst said:

"We either have the most profound religious philosophy in the world or we are the world's most credulous fools."

Testimony will continue today with Mrs. Esther Johnson Hansel, former confidante of Purnell, who yesterday described alleged seduction of young women members of the colony by the bearded leader, on the stand.

Judge Dewhirst, a picturesque character whose beard is a flowing black, still believes in the "faith." He believes the testimony of Mrs. Hansel and other former inmates of the colony is prompted by a desire for financial gain and for revenge for imagined wrongs.

Mrs. Hansel testified yesterday of the elaborate precautions taken at the colony to prevent adverse impressions of the House of David from being carried to the "outside."

A printed book of instructions against "telling the truth out of season" was read into court records.

The woman also told of how members of the colony who foreswore the faith were placed in compromising positions through the directions of "King Ben" in order that they would tell no stories against the bearded leader.

It is probable that court will be adjourned at noon until Monday.

St. Joseph, Mich., May 28.—Dramatically and with careful enunciation Mrs. Esther Johnson Hansel, once a leader in the House of David religious cult, today continued her testimony of the strange rites that marked the little religious colony at Benton Harbor.

She was testifying at the state's attempt to dissolve the cult, and she used the intonation she might have used in her various preaching tours.

She read from the creed taught by "King Ben" Purnell and one phrase was: "And now comes John to minister to Jesus and Benjamin, his brother."

That was part of the creed by which "King Ben" taught his adherents to believe that he was the brother of Jesus Christ, Mrs. Hansel testified.

The court room again was crowded as the rather good-looking woman—said to be the state's star witness against the colony—resumed her position on the witness stand. "Queen Mary" Purnell, King Ben's wife, was

600 FIRE FIGHTERS DIG TRENCHES, FRANTICALLY HEW TREES IN PATH OF FIRE

ODOR OF BURNING PINES IS DETECTED 30 MILES AWAY AT PUEBLO, COLO.

Pueblo, Colo., May 28.—(UP)—A raging forest fire, fanned by a high wind, threatened to destroy a large part of the San Isabel National Forest today.

More than 5,000 acres of timber, principally pine, have been laid waste. As tree after tree crashed to the ground in flames, leaders of the 600 fire fighters were pessimistic over their ability to stop the blaze.

H. E. French, forest supervisor, declared that unless the wind abated, "there will be no stopping the fire."

The fire, which started late Thursday, was believed to have been brought under control yesterday. Smoldering embers were whipped into flames by a strong wind last night, however, and the blaze early today admittedly was out of control.

Some 600 men are digging trenches and frantically hewing trees in the path of the fire in their effort to save the forest. Among the fire fighters are forty convicts from the state penitentiary at Canon City.

The blaze was believed to have started originally from burning stumps on a ranch adjoining the forest.

Although the fire is 30 miles from Pueblo, the pungent odor of burning pines was detected here.

Wetmore, Colo., May 28.—Fanned by a stiff wind from the west, the San Isabel forest fire late today spread out of control of more than 500 convicts, ranchers, national guardsmen and business men who have been fighting it for two days.

When word reached here that efforts of the fire fighters to subdue the blaze had proved futile, residents began packing belongings in preparation for a hasty retreat from their homes.

Wetmore is in direct path of the flames.

FUNERAL RITES
FOR CHAS. E. CHASE

Anoka, Minn., May 28.—(UP)—Funeral services will be held here Sunday for Charles E. Chase, 81, father of Ray P. Chase, state auditor. He died at Gates hospital last night from injuries received in an automobile accident last Tuesday.

Two other sons, Roe, editor of the Anoka Herald, and Ross W., local business man, survive.

William P. Chase, a brother, came to Anoka Friday from Forestville, N. Y., to visit the pioneer Minnesotan.

The services will be held at the home of the state auditor.

In the court room today for the first time since she was called to testify early last week. She manifested keen interest in Mrs. Hansel's testimony.

"I went out of the House of David as a preacher in 1914," Mrs. Hansel said. "That was really the beginning of my career in the House of David."

Mrs. Hansel told of preaching tours she made through Michigan, Indiana, Ohio and Pennsylvania. She said she was forced to live in a covered wagon all of the time.

Later she went to England with a group to "bring in converts."

"One of the English converts was a very wealthy spinster, Lizzie Tomlinson. I was instructed by Benjamin to get her to join the colony and turn over her property to the House of David," she said.

"In 1904, when I was only 14 years old," Mrs. Hansel said, "Benjamin explained 'taking the covenant' to me. He said relations with him were necessary," Mrs. Hansel testified.

Her voice broke and for a few minutes she was unable to testify. She soon regained her composure and resumed her testimony.

"After he had talked to me about it for several months, he accomplished his purpose. I was between 15 and 16 then," she said.

Hook was repairing a fish trap when he saw the octopus resting motionless a few feet distant. Its tentacles held the body of the man identified as Healey. The diver lunged at the octopus with a pike pole, darting back to avoid the fish's free tentacles. He returned and literally slashed the octopus to ribbons before it released its hold on the body and drifted away.

Hook immediately rose to the surface with the body.

He said he saw no trace of the four other members of the log tug's crew.

"We either have the most profound religious philosophy in the world or we are the world's most credulous fools."

Testimony will continue today with Mrs. Esther Johnson Hansel, former confidante of Purnell, who yesterday described alleged seduction of young women members of the colony by the bearded leader, on the stand.

Judge Dewhirst, a picturesque character whose beard is a flowing black, still believes in the "faith." He believes the testimony of Mrs. Hansel and other former inmates of the colony is prompted by a desire for financial gain and for revenge for imagined wrongs.

Mrs. Hansel testified yesterday of the elaborate precautions taken at the colony to prevent adverse impressions of the House of David from being carried to the "outside."

A printed book of instructions against "telling the truth out of season" was read into court records.

The woman also told of how members of the colony who foreswore the faith were placed in compromising positions through the directions of "King Ben" in order that they would tell no stories against the bearded leader.

It is probable that court will be adjourned at noon until Monday.

St. Joseph, Mich., May 28.—Dramatically and with careful enunciation Mrs. Esther Johnson Hansel, once a leader in the House of David religious cult, today continued her testimony of the strange rites that marked the little religious colony at Benton Harbor.

She was testifying at the state's attempt to dissolve the cult, and she used the intonation she might have used in her various preaching tours.

She read from the creed taught by "King Ben" Purnell and one phrase was: "And now comes John to minister to Jesus and Benjamin, his brother."

That was part of the creed by which "King Ben" taught his adherents to believe that he was the brother of Jesus Christ, Mrs. Hansel testified.

The court room again was crowded as the rather good-looking woman—said to be the state's star witness against the colony—resumed her position on the witness stand. "Queen Mary" Purnell, King Ben's wife, was

**ODOR OF BURNING PINES IS DE-
TECTED 30 MILES AWAY AT
PUEBLO, COLO.**

Pueblo, Colo., May 28.—(UP)—A raging forest fire, fanned by a high wind, threatened to destroy a large part of the San Isabel National Forest today.

More than 5,000 acres of timber, principally pine, have been laid waste. As tree after tree crashed to the ground in flames, leaders of the 600 fire fighters were pessimistic over their ability to stop the blaze.

H. E. French, forest supervisor, declared that unless the wind abated, "there will be no stopping the fire."

The fire, which started late Thursday, was believed to have been brought under control yesterday.

Smoldering embers were whipped into flames by a strong wind last night, however, and the blaze early today admittedly was out of control.

Some 600 men are digging trenches and frantically hewing trees in the path of the fire in their effort to save the forest. Among the fire fighters are forty convicts from the state penitentiary at Canon City.

The blaze was believed to have started originally from burning stumps on a ranch adjoining the forest.

Although the fire is 30 miles from Pueblo, the pungent odor of burning pines was detected here.

Wetmore, Colo., May 28.—Fanned by a stiff wind from the west, the San Isabel forest fire late today spread out of control of more than 500 convicts, ranchers, national guardsmen and business men who have been fighting it for two days.

When word reached here that efforts of the fire fighters to subdue the blaze had proved futile, residents began packing belongings in preparation for a hasty retreat from their homes.

Wetmore is in direct path of the flames.

**FUNERAL RITES
FOR CHAS. E. CHASE**

Anoka, Minn., May 28.—(UP)—Funeral services will be held here Sunday for Charles E. Chase, 81, father of Ray P. Chase, state auditor. He died at Gates hospital last night from injuries received in an automobile accident last Tuesday.

Two other sons, Roe, editor of the Anoka Herald, and Ross W., local business man, survive.

William P. Chase, a brother, came to Anoka Friday from Forestville, N. Y., to visit the pioneer Minnesotan. The services will be held at the home of the state auditor.

In the court room today for the first time since she was called to testify early last week, she manifested keen interest in Mrs. Hansel's testimony.

"I went out of the House of David as a preacher in 1914," Mrs. Hansel said. "That was really the beginning of my career in the House of David."

Mrs. Hansel told of preaching tours she made through Michigan, Indiana, Ohio and Pennsylvania. She said she was forced to live in a covered wagon all of the time.

Later she went to England with a group to "bring in converts."

"One of the English converts was a very wealthy spinster, Lizzie Tomlinson. I was instructed by Benjamin to get her to join the colony and turn over her property to the House of David," she said.

"In 1904, when I was only 14 years old," Mrs. Hansel said, "Benjamin explained 'taking the covenant' to me. He said relations with him were necessary," Mrs. Hansel testified.

Her voice broke and for a few minutes she was unable to testify. She soon regained her composure and resumed her testimony.

"After he had talked to me about it for several months, he accomplished his purpose. I was between 15 and 16 then," she said.

Dear friends:

A man pointed to a watch in the show case here the other day and told Mr. Lundborg he had seen the same watch in a store in Minneapolis, priced several dollars higher.

Mr. Lundborg told him he would guarantee anybody a saving of at least 25% on watches, diamonds, etc., on the average prices in the bigger cities.

There's a reason for that, of course. This isn't a big store. I'll admit that. Rent isn't nearly as high here as it is in Minneapolis, and I suppose they pay their advertising men higher salaries there than Mr. Lundborg pays me.

Result—low overhead. So let me suggest this: At least see Mr. Lundborg first before you buy a watch, a diamond, or any pieces of silverware or jewelry. You don't have to leave your home town to find good values.

DAILY VACATION BIBLE SCHOOL

Interesting Example of Inter-Church Cooperation Conducted

CONTINUE TWO WEEKS
Able Corps of Teachers Engaged, Many Children Already Enrolled

An interesting example of inter-church cooperation is the Daily Vacation Bible school to be conducted for the first two weeks after the close of the public schools, June 6 to 17, by the Methodist and Congregational churches. An able corps of teachers has been engaged and a large number of children are already enrolled.

The primary department will meet at the Congregational church and the junior and inter-mediate departments at the Methodist church. The school will meet five days a week, mornings only, from 9 to 11:30 o'clock. On the last day there will be a demonstration program and picnic. Instruction will cover worship, Bible memorizing, telling and dramatizing Bible stories, hymn stories, missionary stories, hand work and organized play. To help defray expenses a small fee will be charged each pupil. While sponsored by these two churches it will be non-sectarian and is open to all children of school age, or as many as can be accommodated. All who wish to attend are requested to enroll within the next few days, for the capacity of the school is limited.

The teaching force will be as follows:

General Superintendent—Rev. N. P. Olmsted.
Superintendent Intermediate Department—Rev. Morris Evers.
Superintendent Junior Department—Mrs. G. E. Lammon.
Assistants—Miss Dorothy Weisz, Miss Fern Lowe.
Superintendent Primary Department—Miss Ruth Templeton.
Assistant—Mrs. Alta Holden.
Pianist—Miss Dorothy Fox.
Dramatics—Mrs. N. P. Olmsted.
Playground Supervisor—John Fisher.

THEY LOVE THE KIDDIES

In this prosaic world one joins many uplift societies and other humanitarian movements and does a lot of good in outside fields, so much so that one often neglects the kiddies at home.

But not so with the party of tourists led by Mike Gibbons and arriving in Brainerd last night. Mike and the other men of the party have done much for the youth of America. Mike, as a gentleman boxer in the middleweight class, set an example to the youth of America in his splendid home life and companionship with his own children and did much to aid young America in general.

Mike has a family of six. J. L. Shiely of St. Paul, prominent contractor, has some eight hopefuls, and Al Brand has a half dozen. Now when Mike and Al and Shiely and two more mature individuals go on an outing in this Brainerd lake region, they do not forget the kids and here is how they traveled: Three cars with 5 adults, 14 kids and 2 dogs.

This morning the kid section unlimbered and was playing leap frog, tennis, and everything else on the Y. M. C. A. lawn. The dogs were flying around and joining in the fun. Shiely was there early and counting the roll.

This St. Paul party is just a nice example of the high class people we are getting in the lake region. Mike has written "30" on the professional boxing and is now in the insurance and real estate business and is interested in our Crow Wing county where he owns a lot of lake shore on Whitefish lake. Al Brand is head of the Brand Coal Co. of St. Paul. J. L. Shiely is a contractor. George Shepherd is chief engineer of the city of St. Paul. Mike McLaughlin is a detective on the St. Paul force.

Brand, by the way is a former champion wrestler and one of the big men he threw was Young Miller. The only wrestling he does now is with his kids and pulling out pike at Whitefish lake.

The whole party will spend their outing at James Clancy's cottage on Whitefish lake. The commissioner of public safety of St. Paul has built on the shores of that lake a most commodious and hospitable place with enough room for the whole party to lounge and sleep in.

And will they have a good time this week end and holiday season? We leave it to our readers. This morning there was to be a round of golf at the Brainerd Country club where the whole party first played at the time of the Elks state convention in Brainerd and had their pictures taken in the Elks movies.

METICULOUS

ONLY the cleanly can appreciate the full meaning of the axiom that "cleanliness is next to holiness." It is a moot question whether the holy or cleanly are superior in numbers, but it is an incontrovertible fact that cleanliness and holiness do not always travel in the same company.

The war, crime waves, flapperisms, so-called divorce evils and gin parties have caused some to doubt that the world is becoming more holy and that the righteous are increasing in numbers. On the other hand, none can doubt that man, collectively and individually, is becoming more meticulous.

Evidence of increasing sanitation is here in white porcelain, soap advertisements, laundry bills, electric washers, sewer systems, "white wings," daily showers for the former Saturday-nighters and Saturday night tubs for the one-time water-fearing, tailor shops, shoe-shining and hat-cleaning parlors and, finally, establishments specializing in washing automobiles.

Cleanliness has become so universal that it constitutes one of the largest items in the family budget. The barber, tailor, shoe-shine boy, hat cleaner, drug store, laundry and water bills suggest the magnitude of this item. It would be interesting to know how much time the average person consumes daily in keeping clean, how much time and labor are expended daily in keeping the average home tidy, how much is expended annually in keeping public buildings sanitary and the annual cost in time or money of keeping an automobile polished.—St. Cloud Daily Times.

MAKING MISTAKES

EVERY line of business, every profession, every trade, makes its mistakes. Some are honest and unintentional ones. The housewife, in a moment of abstraction salts the soup so thoroughly as to make it unpalatable. On other occasions she forgets to salt her batch of bread.

Sometimes a teller may make a mistake and he finds it at the end of his day's work. There are errors of punctuation, spelling, etc., misconceptions as to facts and viewpoints, etc.

Perfection cannot be attained. The supposed error of viewpoint this year may become commonplace and generally accepted next year. The radical of today may become progressive and then standpat.

The man who claims to be mistake proof is infallible and if so, which is altogether impossible on this sphere, he could command a fabulous salary.

MEMORIAL DAY

BRAINERD on Memorial Day honors the veterans of the World War, Spanish American and Civil Wars, the mothers and other relatives of these men who gave their all that this country may endure.

On a day like this we remember the history of our country, we review the brave deeds, we offer tribute to those who have gone beyond, we pledge our devotion to those who have given freely, suffered bravely and died nobly.

This Memorial Day finds America practically at peace with all the world. The stand taken in China and Nicaragua has been a protective one, and not one of aggression.

With eyes dimmed with tears we behold the rows of crosses at Evergreen cemetery. We pledge ourselves anew that what they have done shall not be forgotten, but shall serve as an example of patriotism and devotion never to be forgotten.

THE new Minnesota highway traffic code should be studied by every car driver. How many Brainerd people slow up or stop when they motor from a side street into Oak street? How many bring their cars to a stop at the rail crossing in West Brainerd? A point to remember is that drivers of all vehicles shall yield the right of way to pedestrians at regular crossings in the business and residence portions of any municipality.

Mrs. Thayer, daughter of Mr. and Mrs. Peter Orth, left with her little girl today for Milwaukee where she will join her husband and they will proceed east. She has made her home here for many years. She was accompanied as far as St. Cloud by Miss Lillian Orth.

R. D. Holden and Jeff Saunders have returned from Crookston. It will be quite a surprise to many in this city to learn that Alderman Judd Wright has resigned his position at the store keeper's office at the Northern Pacific in this city and that he severed his relations with the company yesterday.

Mr. Wright resigned his position with the Northern Pacific to accept the superintendency of the Minnesota Water Works Co. in this city succeeding J. R. Smith, the present superintendent. Mr. Smith, seen this morning, stated that President Tighe notified him that he had decided to put a man in this position that would give the business of the company his entire attention, which Mr. Smith could and would not do, and that he engaged Mr. Wright and he could assume charge the first of the month.

W. A. Laidlaw, secretary of the Northern Pacific Beneficial association, came in from St. Paul this morning.

BIRD'S ROOFS

ART-BLENDE TWIN SHINGLES

Asphalt, Slate Surfaced, Fire-Retardant

Bird's Art-Blende Twins are especially adapted to that type of building where a more lively note is desired. They are not too elaborate or highly colored but have a softness of tones that commands admiration.

If you wish to give a note of individuality to your home with marked economy, Art-Blende will satisfy. They come in a variety of tones that are delicately blended to lend character and life.

Before you build, before you re-roof by all means see Bird's Art-Blende. With them you can make the roof an effective unit of your decorative scheme. These shingles are for new work or right over the old shingles.

Art-Blende Twins are made by Bird & Son, Inc. (Est. 1795), manufacturers of Neponset Twin Shingles, Shingle Design Roofing, Art-Craft Roofing, Paroid Roofing, Neponset Black Building Paper, Bird's Insulating Blanket and Neponset Board. There's a Bird product for every sort of building!

We are headquarters for Bird's roofings, building papers and wall board.

BIRD'S ROOFS

ART-BLENDE TWIN SHINGLES

Asphalt, Slate Surfaced, Fire-Retardant

Bird's Art-Blende Twins are especially adapted to that type of building where a more lively note is desired. They are not too elaborate or highly colored but have a softness of tones that commands admiration.

If you wish to give a note of individuality to your home with marked economy, Art-Blende will satisfy. They come in a variety of tones that are delicately blended to lend character and life.

Before you build, before you re-roof by all means see Bird's Art-Blende. With them you can make the roof an effective unit of your decorative scheme. These shingles are for new work or right over the old shingles.

Art-Blende Twins are made by Bird & Son, inc. (Est. 1795), manufacturers of Neponset Twin Shingles, Shingle Design Roofing, Art-Craft Roofing, Paroid Roofing, Neponset Black Building Paper, Bird's Insulating Blanket and Neponset Board. There's a Bird product for every sort of building!

We are headquarters for Bird's roofings, building papers and wall board.

500 MILE MOTOR CAR RACE MEMORIAL DAY

**WILL BE NATION'S
LEADING SPEED
EVENT, 33 IN RACE**

**RAIN TODAY PREVENTED COM-
PETITORS FROM TRIAL
TESTS**

**FRANK LOCKHART TAKES MIL-
LER SPECIAL AROUND AT
125 MILES AN HOUR**

Indianapolis, Ind., May 28.—Nine-
teen motor car race drivers today
awaited opportunity to qualify for
the nation's leading motor car speed
event—the annual 500 mile sweep-
stakes Memorial Day.

The drivers were unable to send
their mounts over the two and one
half mile course yesterday owing to
rain.

A slight drizzle started in the
morning and continued through the
afternoon making racing impossible
owing to the slippery condition of
the track.

One driver yesterday decided his
motor car was not swift enough for
the fast pace expected Monday. L. L.
Corum, who qualified at slightly
more than 94 miles an hour, with-
drew his car.

Only thirty-three motor cars will
be permitted to take the starter's
flag at 10 o'clock Monday when the
annual contest opens. With Corum
withdrawn it leaves a field of 46
who want to enter the race.

The pole position probably has
been decided, when Frank Lockhart
sent his Miller Special around the
track at around 120 miles an hour
he set a track record and it is ex-
pected to have been the best qual-
ifying round. There are many Mil-
ler Specials already qualified for the
race.

Race fans by the thousands are
beginning to enter Indianapolis.

Hotels report registrations are
numerous and the streets are lined
with motor cars having out-of-state
license plates. It is believed this
year's crowd will be one of the great-
est in history and the early qual-
ifying speeds indicate possibility of
new speed records.

ROTATING FOOTBALL SCHEDULE ADOPTED

**DATES FOR FIRST YEAR IN BIG

SETTLED**

Madison, Wis., May 27.—(UP)—
Dates for the first year in the rotat-
ing football schedule for Big Ten
universities were settled at a meet-
ing of football officials from all of the
Big Ten schools.

The rotating schedule was agreed
upon several months ago and each
year's games decided. However,
dates for the games were not decided
until last night.

More than five hours was neces-
sary to complete this year's schedule
owing to the inability of Indiana to
schedule two home games. Indiana
prior to the meeting, had been able
to schedule a home game with North-
western only. Zora T. Clevenger,

S. S. DOWNS Y. M. C. A.
TO GO INTO TIE WITH
N. E. FOR TOP PLACE

SOUTH SIDERS CONNECT FOR 5
HITS TO SCORE DECISIVE
VICTORY, 5-1

HANSON HAS PERFECT DAY AT
BAT; UDDENBERG CARRIES
OFF FIELDING HONORS

The South Side baseball team went
into a tie for first place with the
Northeast baseball team by defeat-
ing the Y. M. C. A. last night by a
score of 5 to 1.

The South Side played great ball,
all men on their toes every minute,
and by bunching their hits and
coupled with two errors, scored five
runs.

The game was a pitchers' duel be-
tween Engbretson and Swanson,
with strike-out honors even, each
fanning five.

Swanson pitched great ball, allow-
ing only three hits and never walk-
ing a man and at no time was he in
danger and was given excellent sup-
port.

Uddenberg carried off the fielding
honors with eight chances without a
miss, and at times was backing up
third. He also connected with a
single and double while at bat.

Hanson had a perfect day at bat
with two hits in as many times to
bat.

The scoring was started by Nut-
ting when he led off with a double
and advanced to third on an infield
out and scored on another infield
out.

The South Side collected two runs
in their half of the first when Ud-
denberg singled, stole second and
was tagged out between second and
third on Peterson's infield blow. Pet-
erson being safe and Uddenberg be-
ing caught off second. Peterson
stole second and scored on Norman's
fly to Ringer who dropped the ball.
Norman scored on Hanson's single
to center.

Again in the fifth the S. S. scored.
Three runs came in when Swanson
singled, stole second and scored on
Hegsted's single to left. Uddenberg
struck out, Peterson was hit with a
pitched ball and Norman singled,
scoring Hegsted and Peterson. Han-
son drew a walk and Fitzharris fan-
ned.

Engbretson pitched a nice game in
spite of the two costly errors that
were given him. His curves were
not breaking. Lepenski was stolen
on at will and seven stolen bases
were credited against him.

The boy's inter-grade school track
meet was won by the Harrison school
which scored 66 points. The Lin-
coln scored 64 points, Lowell 24, and
Whittier 8.

The Harrison, winning by virtue
of a well balanced team, won the
silver trophy donated by the Brain-
erd Rotary club. If won two years
in succession, it will become their
permanent possession.

There were no outstanding per-
formers in the meet, which was wit-
nessed by a large number of students.

The game was a pitchers' duel between Engbretson and Swanson, with strike-out honors even, each fanning five.

Swanson pitched great ball, allowing only three hits and never walked a man and at no time was he in danger and was given excellent support.

Uddenberg carried off the fielding honors with eight chances without a miss, and at times was backing up third. He also connected with a single and double while at bat.

Hanson had a perfect day at bat with two hits in as many times to bat.

The scoring was started by Nutting when he led off with a double and advanced to third on a fielded out and scored on another infield out.

The South Side collected two runs in their half of the first when Uddenberg singled, stole second and was tagged out between second and third on Peterson's infield blow. Peterson being safe and Uddenberg being caught off second. Peterson stole second and scored on Norman's fly to Ringer who dropped the ball. Norman scored on Hanson's single to center.

Again in the fifth the S. S. scored. Three runs came in when Swanson singled, stole second and scored on Hegsted's single to left. Uddenberg struck out, Peterson was hit with a pitched ball and Norman singled, scoring Hegsted and Peterson. Hanson drew a walk and Fitzharris fanned.

Engbretson pitched a nice game in spite of the two costly errors that were given him. His curves were not breaking. Lepenski was stolen on at will and seven stolen bases were credited against him.

BASEBALL'S BIG FOUR

Hornsby hit his eighth home run of the season, a triple and a single as the Giants lost both games of a double header to the Robins. He was at bat six times.

Ruth could get but a single in seven tries in the two games between the Yankees and the Senators.

Speaker made two singles in eight times at bat.

Cobb was idle.

BRAINERD SENIOR TENNIS TOURNAMENT OPENS TOMORROW

**DR. CARLSON, W. ANDERSON TO
MEET L. ERICSSON AND
FLOYD NELSON**

**DONALD GEIST AND JOHN CHAD-
BOURNE LEAD IN JUNIOR
SERIES SO FAR**

The first games of the Senior Tennis Tournament will be held tomorrow morning at 8 o'clock at the Gregory Park courts. Doubles will be played between Dr. M. H. Carlson, Wallace Anderson and Lawrence Ericsson, Floyd Nelson.

Matches in the Junior Tournament have shown up some wonderfully developed talent and enthusiasm is growing every day as to the final outcome. So far, Donald Geist and John Chadbourn seem to have a slight edge over other participants.

More entries are wanted for both Junior and Senior tournaments and players are asked to send in their names to Miss Marguerite Carmichael and sign up with a playing partner before Saturday, June 4.

A meeting of the board of directors was recently called by Dr. Carlson at which rules for the governing of the association were formed. Rules will be voted on at the next general meeting.

Prizes will be awarded to the winners of the tournaments. Medals will be given for the winners of girls and boys doubles, a fountain pen for boy's singles and a compact for the winner of the girls' singles.

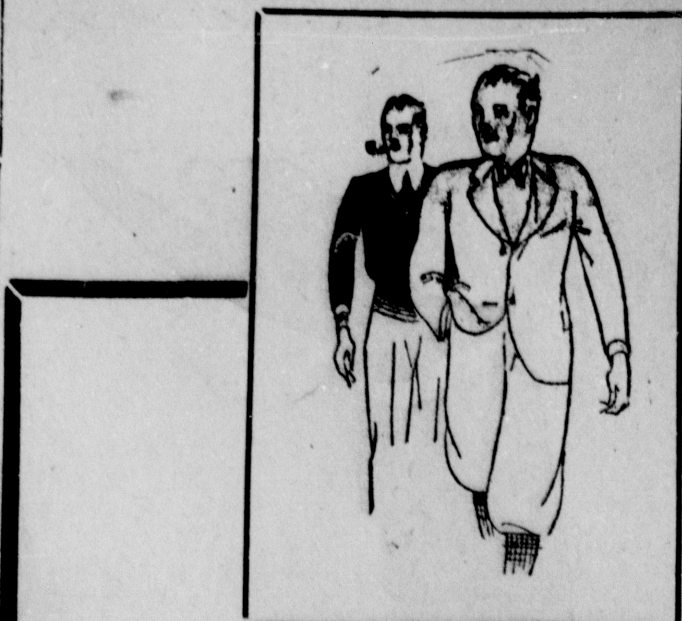

CLAIM CARROLL, THEATRICAL MAN, IN CRITICAL SHAPE

Atlanta, Ga., May 28.—(UP)—Earl Carroll, New York theatrical producer, is in a critical condition from a malady part physical and part mental, Dr. Henry McGehee, Atlanta diagnostician, said today.

"Something must be done immediately," Dr. McGehee declared, "if Carroll is to recover. I cannot say at this time what the cause of Carroll's condition is but will be able to do so in time."

The report of Dr. McGehee, Dr. Fred C. Williams, superintendent of the South Carolina state hospital, and Dr. James Fouché, Columbia, S. C., on Carroll's condition is to be forwarded at once to the department of justice in Washington.

None of the physicians would say whether it recommended clemency for Carroll, now a federal prisoner, under sentence for perjury, a charge growing out of the investigation into

NASH
Leads the World in Motor Car Value

**You can see why
Nash has extra power**

The extra-power that makes Nash a more capable car to drive, particularly on the hills or in dense traffic, is directly due to extra-efficient design.

The Nash Straight Line Drive, for instance, diagrammed above.

Nash power flows directly from the engine to the rear axle in a straight line. There are no angles along the route to waste energy, as there would be if the motor were mounted parallel to the frame.

The Straight Line Drive accounts for Nash aggressiveness—for the power and pick-up at low speeds (where you need it most). You will always notice it is the Nash that gets away soonest when the traffic starts.

The Straight Line Drive also avoids wear on the universal joints, and thereby prevents noise and looseness.

Of course, it takes a little longer and costs more to build Nash this better way—but any Nash owner will tell you it makes a lot of difference in the results he gets.

See a Nash, before you decide which car for Nash aggressiveness—for the power and pick-up at low speeds (where you need it most). You will always notice it is the Nash that gets away soonest when the traffic starts.

MONDAY OBSERVANCES MAY PROVE GREATEST

Plans Now Completed to Commemorate Memorial Day in Fitting Style

OBSERVE FLAG CODE

Patriotic Organizations to Honor Veterans of G. A. R., Spanish War, and World War

G. A. R., Spanish War, and the World War veterans who so gallantly laid down their lives, and fought for the democracy of the United States will be honored by Brainerd patriotic organizations and citizens by sacred religious exercises to be held at the Evergreen cemetery Monday morning, weather permitting.

The greatest public patriotic demonstration yet to be shown is expected to take place on Monday. Monday observances include a brief ceremonial at the Mississippi river bridge on West Laurel street between 8:30 and 9 o'clock, the parade which starts at 9 o'clock from Seventh street between Laurel and Oak, and the ceremonies at the cemetery. In the event of rain the exercises will be conducted in the Park theatre.

Flags will be on display in the business district, public places, and residents are requested to hang out all possible flags.

The Flag Code

When the flag passes by in the parade, men salute by removing hat with right hand and holding both over heart. Women salute by holding right hand over heart. Men in uniform will give the usual military salute.

To display the flag on Memorial Day, raise the flag to the top of the staff and lower to half mast at once. Display at half mast until noon, in reverence and remembrance of the departed heroes of all wars. Raise the flag to the top of the staff at noon, to remain thus until sunset. Never display the flag before sunrise nor allow it to be displayed after sunset.

The American Legion asks you to follow these simple rules out of respect to the grandest flag of them all. Evergreen cemetery marks the burial place of the following war veterans, whose heroism, Brainerd and district citizens will honor Monday:

S. H. Nelson, commander of the American Legion, post No. 255 today made the following request to it:

the citizens of Brainerd in observation of Memorial Day:

"In as much as we are again about to observe the one day of the entire year when everyone should collect himself and herself, so to speak, and solemnize one's thoughts and actions towards reverence for the ones who have passed on to peaceful rest from earthly responsibilities and particularly the men and women of the Army, Navy, and Marine service to his or her country that theirs and our 'Grand Old Glory' should continue to wave over this great nation, symbolizing to the whole world the democracy of her people whom she protects, it therefore prompts me to ask the public of Brainerd and vicinity to bear in mind the meaning of 'Memorial Day' and its observance. 'I am having the 'Flag Etiquette' published herewith so the public will fully understand the use of the 'Grandest Flag' of all nations. I also wish to put particular stress on display of the 'flag' on cars and buildings, and no one need ever be ashamed to respect the colors as they pass in a parade or review, always come to attention, and uncover as the colors approach in such instances and remain so until they are well past before covering. This part has been a sad neglect by the majority of people but I hope this condition will be rectified in the future, as neglect is disrespect, and disrespect is not American."

DIED EARLY TODAY

Long Time Resident of City and District Passed Away at Age of 46 Years

FUNERAL TUESDAY

Was Past Worthy Matron and Member Degree of Honor, Eastern Star

Mrs. Anna M., wife of A. J. Ellison, passed away at 3:30 o'clock this morning at the St. Joseph's hospital at the age of 46 years. Her death is felt deeply by her large circle of friends in the city and district who unite in extending their most sincere sympathy to the bereaved family.

Mrs. Ellison, nee Miss Anna M. Johnson was born on March 27, 1881 near Stockholm, Sweden. At the age of seven years she arrived with her family in the United States where they moved to Gull River. Following a few years there the family moved to Brainerd where they have resided since.

A most worthy matron and a member of the Degree of Honor, Mrs. Ellison was always held in high regard in the Eastern Star in which she was a long member. She was an adherent of St. Paul's Episcopal church. Surviving members of the family besides her husband are three sons, John, Malcolm, James, one daughter, Evelyn; her father, Andrew Johnson and sister, Etta Johnson, all of Brainerd.

The funeral will be conducted at 2 p. m. Tuesday from the family residence and at 2:30 o'clock from the St. Paul's Episcopal church, Rev. Robert J. Long officiating. The service at the house will be private. Interment will be at Evergreen cemetery where the usual Eastern Star service ritual will be conducted. The request has been made that friends omit flowers.

CARD OF THANKS

We wish to thank our many friends and neighbors for the kindness shown us during the illness and death of our beloved wife and mother. Especially do we wish to thank the post office employees, the Sunday school of the Full Gospel Assembly, friends and neighbors of West Brainerd and the N. P. tool room employees for the beautiful floral tributes.

A. R. CASS, and family.

IRIEF ILLNESS

CLAIMS RESIDENT

Mrs. P. A. Erickson Resident of City Many Years Passed Away Today

FUNERAL WEDNESDAY

Was a Member of the Clara Lutheran Church for the Past 46 Years

Mrs. Anna Mathilda Erickson, nee Larson, wife of P. A. Erickson, 1103 East Quince street, passed away this morning at St. Joseph's hospital after an illness of only two days.

Mrs. Erickson was born in Atvidaberg Parish, Ostergotland, Sweden, on August 3, 1862. She came to Brainerd in 1881 and was married to P. A. Erickson on August 25, 1886. She has made her home in the city ever since.

Surviving besides her husband are two children, Robert Erickson and Mrs. Arthur Olson, both of Brainerd. Funeral services will be held on Wednesday at 2 p. m. from the Clara Lutheran church where she was a member for 46 years. Rev. August Samuelson will officiate. Remains may be viewed at the church from 12 o'clock until 2 o'clock. Interment will be in Evergreen cemetery.

MONDAY OBSERVANCES MAY PROVE GREATEST

Plans Now Completed to Commemorate Memorial Day in Fitting Style

OBSERVE FLAG CODE

Patriotic Organizations to Honor Veterans of G. A. R., Spanish War, and World War

G. A. R., Spanish War, and the World War veterans who so gallantly laid down their lives, and fought for the democracy of the United States will be honored by Brainerd patriotic organizations and citizens by sacred religious exercises to be held at the Evergreen cemetery Monday morning, weather permitting.

The greatest public patriotic demonstration yet to be shown is expected to take place on Monday. Monday observances include a brief ceremony at the Mississippi river bridge on West Laurel street between 8:30 and 9 o'clock, the parade which starts at 9 o'clock from Seventh street between Laurel and Oak, and the ceremonies at the cemetery. In the event of rain the exercises will be conducted in the Park theatre.

Flags will be on display in the business district, public places, and residents are requested to hang out all possible flags.

The Flag Code

When the flag passes by in the parade, men salute by removing hat with right hand and holding both over heart. Women salute by holding right hand over heart. Men in uniform will give the usual military salute.

To display the flag on Memorial Day, raise the flag to the top of the staff and lower to half mast at once. Display at half mast until noon, in reverence and remembrance of the departed heroes of all wars. Raise the flag to the top of the staff at noon, to remain thus until sunset. Never display the flag before sunrise nor allow it to be displayed after sunset.

The American Legion asks you to follow these simple rules out of respect to the grandest flag of them all. Evergreen cemetery marks the burial place of the following war veterans, whose heroism, Brainerd and district citizens will honor Monday:

S. H. Nelson, commander of the American Legion, post No. 255 today made the following request to it:

the citizens of Brainerd in observation of Memorial Day:

"In as much as we are again about to observe the one day of the entire year when everyone should collect himself and herself, so to speak, and solemnize one's thoughts and actions towards reverence for the ones who have passed on to peaceful rest from earthly responsibilities and particularly the men and women of the Army, Navy, and Marine service to his or her country that theirs and our 'Grand Old Glory' should continue to wave over this great nation, symbolizing to the whole world the democracy of her people whom she protects, it therefore prompts me to ask the public of Brainerd and vicinity to bear in mind the meaning of 'Memorial Day' and its observance. 'I am having the 'Flag Etiquette' published herewith so the public will fully understand the use of the 'Grandest Flag' of all nations. I also wish to put particular stress on display of the 'flag' on cars and buildings, and no one need ever be ashamed to respect the colors as they pass in a parade or review, always come to attention and uncover as the colors approach in such instances and remain so until they are well past before covering. This part has been a sad neglect by the majority of people but I hope this condition will be rectified in the future, as neglect, disrespect, and disrespect is not American."

MRS. A. J. ELLISON

DIED EARLY TODAY

Long Time Resident of City and District Passed Away at Age of 46 Years

FUNERAL TUESDAY

Was Past Worthy Matron and Member Degree of Honor, Eastern Star

Mrs. Anna M., wife of A. J. Ellison, passed away at 3:30 o'clock this morning at the St. Joseph's hospital at the age of 46 years. Her death is felt deeply by her large circle of friends in the city and district who unite in extending their most sincere sympathy to the bereaved family.

Mrs. Ellison, nee Miss Anna M. Johnson was born on March 27, 1881 near Stockholm, Sweden. At the age of seven years she arrived with her family in the United States where they moved to Gull River. Following a few years the family moved to Brainerd where they have resided since.

A past worthy matron and a member of the Degree of Honor, Mrs. Ellison was always held in high regard in the Eastern Star in which she was a long member. She was an adherent of St. Paul's Episcopal church.

Surviving members of the family besides her husband are three sons, John, Malcolm, James, one daughter, Evelyn; her father, Andrew Johnson and sister, Etta Johnson, all of Brainerd.

The funeral will be conducted at 2 p. m. Tuesday from the family residence and at 2:30 o'clock from the St. Paul's Episcopal church, Rev. Robert J. Long officiating. The service at the house will be private. Interment will be at Evergreen cemetery where the usual Eastern Star service ritual will be conducted. The request has been made that friends omit flowers.

CARD OF THANKS

We wish to thank our many friends and neighbors for the kindness shown us during the illness and death of our beloved wife and mother. Especially do we wish to thank the post office employees, the Sunday school of the Full Gospel Assembly, friends and neighbors of West Brainerd and the N. P. tool room employees for the beautiful floral tributes.

A. R. CASE, and family.

FORD ANNOUNCES NEW MODEL CAR

Model T Ford Was Pioneer in This Country and Still Pioneering in Other Countries

WILL CONTINUE IN LIGHT CLASS

Entire Factory is Being Tooled Up Without a Complete Shut-down

Detroit, May 28.—Early production of a new Ford car superior in design and performance to any now available in the low-priced, light-car field, was announced today by the Ford Motor Company.

Henry Ford, designer of the car, and Edsel Ford, president of the Company, both stated that within the next few weeks they will give a complete description of the new model.

The famous Model T Ford, which still leads the automobile industry after twenty years of manufacture, will continue to be a substantial factor in Ford production, in view of the fact that about ten million cars of this model are still in use and will require replacement parts and service.

"The Model T Ford car was a pioneer," said Henry Ford today. "There was no conscious public need of motor cars when we first made it. There were few good roads. The car blazed the way for the motor industry and started the movement for good roads everywhere. It is still the pioneer car in many parts of the world which are just beginning to be motorized. But conditions in this country have so greatly changed that further refinement in motor car construction is now desirable and our new model is a recognition of this."

"The Model T was one of the largest factors in creating the conditions which now make the new model Ford possible. The world-wide influence of the Ford car in the building of good roads and in teaching the people the use and value of mechanical power is conceded. Nowadays everybody runs some kind of motor power but twenty years ago only the adventurous few could be induced to try an automobile. It had a harder time winning public confidence than the airplane has now. The Model T was a great educator in this respect. It had stamina and power. It was the car that ran before there were good roads to run on. It broke down the barriers of distance in rural sections, brought people of these sections closer together and placed education within the reach of everyone. We are all still proud of the Model T Ford car. If we were not we could not have continued to manufacture it so long."

"With the new Ford we propose to continue in the light-car field which we created on the same basis of quantity production we have always worked, giving high quality, low price and constant service. We began work on this new model several years ago. In fact, the idea of a new car has been in my mind much longer than that. But the sale of the Model T continued at such a pace that there never seemed to be an opportunity to get the new car started. Even now the business is so brisk that we are up against the proposition of keeping the factory going on one model while we tool up for another. I am glad of this because it will not necessitate a total shut-down. Only a comparatively few men will be out at a time while their departments are being tooled up for the new product. At one time it looked as if 70,000 men might be laid off temporarily, but we have now scaled that down to less than 25,000 at a time. The lay-off will be brief, because we need the men and we have no time to waste."

"At present I can only say this about the new model—it has speed, style, flexibility and control in traffic. There is nothing quite like it in quality and price. The new car will cost more to manufacture, but it will be more economical to operate."

GOV. GEN. WOOD TO SAIL FOR AMERICA TODAY

Manila, P. I., May 29.—(UP)—After almost seven years of service in the Philippines, Governor General Leonard Wood will sail for the United States at 5 p. m. today.

Speechmaking and formal farewells will be omitted. The only recognition of Wood's sailing will be his escort to the pier by a detachment of Philippine constabulary.

Although Wood said he would return in September many Philippine governmental officials believed he would never be seen here again. His health is said to be extremely weak.

'TURKEY IN THE STRAW' COMPOSER, OTTO BONNELL, DIES

Rev. Ragnar S. Peterson, from Pelican Rapids, Minn., will speak at both services at the Full Gospel Assembly (near the mill) tomorrow. Rev. Peterson is in the evangelistic work, and comes here with a ringing message of salvation. The public is cordially invited to attend these services at 3 and 7:30 p. m., which will be full of good things.

BRAINONIAN ANNUAL OUT

Year Book for Graduating Class of High School Completed

ONLY FEW COPIES REMAIN

First Time in History Book is Entirely Product of High School

The 1927 Brainonian Annual, year book for the graduating class of the high school, has been completed and a few copies are left for those who were unable to put in their orders at an earlier date.

For the first time in history, the book is entirely a product of Brainerd high school and is considered the best annual that has been put out by the students. The art work was done in a very creditable fashion by Milford Downie and Verne McNamara while the staff composed of Raymond Anderson, editor-in-chief, Dorothy Deering, Carl Peterson, Shirley Peterson, Marguerite O'Brien, Marian Linnemann, Donald McNamara, Kathleen Early, Edna Turner, Howard Nicholson, Allen Johnson, Alice Olson, Ina Rand and Russell Putz composed the reading matter and attended to the business end of the production.

The book is dedicated to Minnesota—"to the future not far off, when the beauty of Minnesota will be known and sought after through out the land." "Minnesota," is described by Milford Downie, associate editor, as "the land of lakes, placid water nestling in the heart of a forest of majestic pines, tall and straight, aspiring to the skies, their shadows reflected in the glistening water, the moonlight filtered through the pine needles, making its glittering path across the lake, and over all the brooding silence of the ages, a very land of fantasy, a summer night in Minnesota."

The book contains various lake scenes and pictures of Minnesota's beauty spots and is replete with pictures of classes, athletic, musical and scholastic activities. The class will, history and prophecy is also to be found within its pages.

The book is a product of the presses of the Brainerd Dispatch and can be purchased at the high school or from any member of the staff.

Swedish Bethany Church

Rev. Alrick Olson will preach at tomorrow's services at the Swedish Bethany church. Rev. Olson is well known in Brainerd, having formerly resided here. All the services, which include morning and evening worship, and Christian Endeavor, will be conducted in the English language. Tomorrow Rev. Olson will preach at the Baptist church near Deerwood. Everyone is invited to attend all these meetings.

Coke Production

Coke is the solid left when a caking coal is deprived of its volatile constituents by heating in a retort or oven. It consists mainly of carbon, is hard, porous and grayish, with a submetallic luster.

Cat's Eyes Tell Time

The Chinese can tell time fairly accurately by looking at a cat's eyes, the pupils becoming more perpendicular as noon approaches and dilating gradually as afternoon wears on.

WHAT SHALL BE DONE

Truth to Questions Answered in Large Page Advertisement

If Brainerd didn't show any progress in ten—yes, five years from now, you would be disappointed. If Opportunity side-tracked us for the same period of time, you would feel like you were living in a dead town. Buried. Leading an uneventful life that would be a grind the longer you stayed here. Yet, there are many among us who are satisfied to stand by, shrug their shoulders and half-heartedly lament, "Well, what am I going to do about it? I can't go out, way-lay Opportunity and bring it here."

It's a good thing all our citizens don't think that way. Let us ask you a few questions:

You want this town to grow and prosper. To attract desirable people, don't you? Then—what are you doing to make it so?

Can you figure for yourself what it is about this community that needs betterment and that will aid in making it draw the attention of the outside world?

Do you know what is really needed from you to enlarge the advantages of Brainerd and to bring both you and it greater prosperity?

Questions Answered

For answers to those vital questions we respectfully refer you to page 6 of this edition. There you'll find the eighth of our business people's Greater Brainerd campaign editorials and the truth to the above questions is given you with no mincing of words. Rather, the editorial contains a good sound bit of logic we all should digest mentally and, in keeping with its appeal, ACT accordingly!

(And don't miss the ninth of our business people's messages. It's to be published in this paper soon.)

CITY WELCOMES MANY TOURISTS

Three Day Holiday Predicted to Attract Thousands of Tourists to Lakes

WEATHER LITTLE HANDICAP

Gladhanders Busy All Day Welcoming Visitors as They Stop in Brainerd

Unsettled weather today was little handicap to the thousands of tourists contemplated spending the three day holiday in the Brainerd Lake Region.

Late last evening tourist cars from several states, but the majority from Minnesota, commenced to arrive in Brainerd on their northwesterly trips to lake haunts. Restaurants reported a steady business throughout the entire night.

Today witnessed the influx of hundreds of tourist cars to Brainerd. The majority of cars were well filled with tourists and their families.

Chamber of Commerce and Lions club representatives were on hand all hours of the day to welcome the tourists. Welcome cards and Crow Wing county maps were distributed to each tourist car interviewed. An effort was made by the representatives to make the visitors feel they were cordially welcome in the city during their stay.

FORD ANNOUNCES NEW MODEL CAR

Model T Ford Was Pioneer in This Country and Still Pioneering in Other Countries

WILL CONTINUE IN LIGHT CLASS
Entire Factory is Being Tooled Up Without a Complete Shut-down

Detroit, May 28.—Early production of a new Ford car superior in design and performance to any now available in the low-priced, light-car field, was announced today by the Ford Motor Company.

Henry Ford, designer of the car, and Edsel Ford, president of the Company, both stated that within the next few weeks they will give a complete description of the new model.

The famous Model T Ford, which still leads the automobile industry after twenty years of manufacture, will continue to be a substantial factor in Ford production, in view of the fact that about ten million cars of this model are still in use and will require replacement parts and service.

"The Model T Ford car was a pioneer," said Henry Ford today. "There was no conscious public need of motor cars when we first made it. There were few good roads. The car blazed the way for the motor industry and started the movement for good roads everywhere. It is still the pioneer car in many parts of the world which are just beginning to be motorized. But conditions in this country have so greatly changed that further refinement in motor car construction is now desirable and our new model is a recognition of this."

"The Model T was one of the largest factors in creating the conditions which now make the new model Ford possible. The world-wide influence of the Ford car in the building of good roads and in teaching the people the use and value of mechanical power is conceded. Nowadays everybody runs some kind of motor power but twenty years ago only the adventurous few could be induced to try an automobile. It had a harder time winning public confidence than the airplane has now. The Model T was a great educator in this respect. It had stamina and power. It was the car that ran before there were good roads to run on. It broke down the barriers of distance in rural sections, brought people of these sections closer together and placed education within the reach of everyone. We are all still proud of the Model T Ford car. If we were not we could not have continued to manufacture it so long."

"With the new Ford we propose to continue in the light-car field which we created on the same basis of quantity production we have always worked, giving high quality, low price and constant service. We began work on this new model several years ago. In fact, the idea of a new car has been in my mind much longer than that. But the sale of the Model T continued at such a pace that there never seemed to be an opportunity to get the new car started. Even now the business is so brisk that we are up against the proposition of keeping the factory going on one model while we tool up for another. I am glad of this because it will not necessitate a total shut-down. Only a comparatively few men will be out at a time while their departments are being tooled up for the new product. At one time it looked as if 70,000 men might be laid off temporarily, but we have now scaled that down to less than 25,000 at a time. The lay-off will be brief, because we need the men and we have no time to waste."

"At present I can only say this about the new model—it has speed, style, flexibility and control in traffic. There is nothing quite like it in quality and price. The new car will cost more to manufacture, but it will be more economical to operate."

GOV. GEN. WOOD TO SAIL FOR AMERICA TODAY

Manila, P. I., May 29.—(UP)—After almost seven years of service in the Philippines, Governor General Leonard Wood will sail for the United States at 5 p. m. today.

Speechmaking and formal farewells will be omitted. The only recognition of Wood's sailing will be his escort to the pier by a detachment of Philippine constabulary.

Although Wood said he would return in September many Philippine governmental officials believed he would never be seen here again. His health is said to be extremely weak.

TURKEY IN THE STRAW COMPOSER, OTTO BONNELL, DIES

Hollywood, Calif., May 28.—(UP)—The composer of "Turkey in the Straw," Otto Bonnell, is dead at his Hollywood home. Bonnell, who wrote many other old time melodies, was editor of "Popular Songs Monthly" for many years.

Rev. Ragnar S. Peterson

Rev. Ragnar S. Peterson, from Pelican Rapids, Minn., will speak at both services at the Full Gospel Assembly (near the Mill) tomorrow. Rev. Peterson is in the evangelist's work, and comes here with a ringing message of salvation. The public is cordially invited to attend these services at 3 and 7:30 p. m., which will be full of good things.

BRAINONIAN ANNUAL OUT

Year Book for Graduating Class of High School Completed

ONLY FEW COPIES REMAIN

First Time in History Book is Entirely Product of High School

The 1927 Brainonian Annual, year book for the graduating class of the high school, has been completed and a few copies are left for those who were unable to put in their orders at an earlier date.

For the first time in history, the book is entirely a product of Brainerd high school and is considered the best annual that has been put out by the students. The art work was done in a very creditable fashion by Milford Downie and Verne McNamara while the staff composed of Raymond Anderson, editor-in-chief, Dorothy Deering, Carl Peterson, Shirley Peterson, Marguerite O'Brien, Marian Linnemann, Donald McNamara, Kathleen Early, Edna Turner, Howard Nicholson, Allen Johnson, Alice Olson, Ina Rand and Russell Putz composed the reading matter and attended to the business end of the production.

"The book is dedicated to Minnesota—to the future not far off, when the beauty of Minnesota will be known and sought after through out the land." "Minnesota," is described by Milford Downie, associate editor, as "the land of lakes, placid water nestling in the heart of a forest of majestic pines, tall and straight, aspiring to the skies, their shadows reflected in the glistening water, the moonlight filtered through the pine needles, making its glittering path across the lake, and over all the brooding silence of the ages, a very land of fantasy, a summer night in Minnesota."

The book contains various lake scenes and pictures of Minnesota's beauty spots and is replete with pictures of classes, athletic, musical and scholastic activities. The class will, history and prophecy is also to be found within its pages.

The book is a product of the presses of the Brainerd Dispatch and can be purchased at the high school or from any member of the staff.

Swedish Bethany Church

Rev. Alrick Olson will preach at tomorrow's services at the Swedish Bethany church. Rev. Olson is well known in Brainerd, having formerly resided here. All the services, which include morning and evening worship, and Christian Endeavor, will be conducted in the English language. Tomorrow Rev. Olson will preach at the Baptist church near Deerwood. Everyone is invited to attend all these meetings.

Coke Production

Coke is the solid left when a caking coal is deprived of its volatile constituents by heating in a retort or oven. It consists mainly of carbon, is hard, porous and grayish, with a submetallic luster.

Cat's Eyes Tell Time

The Chinese can tell time fairly accurately by looking at a cat's eyes, the pupils becoming more perpendicular as noon approaches and dilating gradually as afternoon wears on.

Simple Anesthetic

The chemical name of "laughing gas" is nitrous oxide. It is used as an anesthetic in dentistry and minor surgery. It produces temporary insensibility, during which some patients cry or laugh hysterically.

WHAT SHALL BE DONE

Truth to Questions Answered in Large Page Advertisement

If Brainerd didn't show any progress in ten—yes, five years from now, you would be disappointed. If Opportunity side-tracked us for the same period of time, you would feel like you were living in a dead town. Buried. Leading an uneventful life that would be a grind the longer you stayed here. Yet, there are many among us who are satisfied to stand by, shrug their shoulders and half-heartedly lament, "Well, what am I going to do about it? I can't go out, way-lay Opportunity and bring it here."

It's a good thing all our citizens don't think that way. Let us ask you a few questions:

You want this town to grow and prosper. To attract desirable people, don't you? Then—what are you doing to make it so?

Can you figure for yourself what it is about this community that needs betterment and that will aid in making it draw the attention of the outside world?

Do you know what is really needed from you to enlarge the advantages of Brainerd and to bring both you and it greater prosperity?

Questions Answered

For answers to those vital questions we respectfully refer you to page 6 of this edition. There you'll find the eighth of our business people's Greater Brainerd campaign editorials and the truth to the above questions is given you with no mincing of words. Rather, the editorial contains a good sound bit of logic we all should digest mentally and, in keeping with its appeal, ACT accordingly!

(And don't miss the ninth of our business people's messages. It's to be published in this paper soon.)

CITY WELCOMES MANY TOURISTS

Three Day Holiday Predicted to Attract Thousands of Tourists to Lakes

WEATHER LITTLE HANDICAP

Handicappers Busy All Day Welcoming Visitors as They Stop in Brainerd

Unsettled weather today was little handicap to the thousands of tourists contemplated spending the three day holiday in the Brainerd Lake Region.

Late last evening tourist cars from several states, but the majority from Minnesota, commenced to arrive in Brainerd on their northwesterly trips to lake haunts. Restaurants reported a steady business throughout the entire night.

Today witnessed the influx of hundreds of tourist cars to Brainerd. The majority of cars were well filled with tourists and their families.

Chamber of Commerce and Lions club representatives were on hand all hours of the day to welcome the tourists. Welcome cards and Crow Wing county maps were distributed to each tourist car interviewed. An effort was made by the representatives to make the visitors feel they were cordially welcome in the city during their stay.
